

## JUNIOR LIGHTING DESIGNER (Hong Kong Office)

### *Your skills*

- Ideally 1-2 years of relevant work experience in lighting Design practice or relevant experience
- BA or MA in Lighting Design, Architecture or associated relevant Design/Engineering degrees
- A dynamic and creative designer with good design awareness, artistic capabilities and able to illustrate lighting concepts
- Experience working with AutoCAD, Adobe Creative Suite , InDesign, MS Office & Dialux
- Knowledge of Revit, Rhino, SketchUp & Dialux Evo is a plus
- Be self-motivated, have excellent organisation skills and a 'team-player' attitude while working with tight deadlines and on different project sizes and tasks
- Good standard of written and spoken English required, capable of communicating with our other offices and design teams abroad.

### *Our offerings*

- Creative, friendly and international work environment.
- Excellent career & growth potential and the opportunity to be involved in the further development of the Hong Kong and Shanghai Studio
- Established international office structure and inter-office cooperation
- Work collaboration with international architects & designers and multi-office design teams
- Spacious and bright office in the heart of Sheung Wan just 5 min from the MTR
- Flexible office/work-from-home arrangements

### *Your tasks & responsibilities*

- Prepare design presentations, sketches and renderings for design booklets
- Prepare lighting calculations, do product and technical research and present findings to the team
- Support the Team in all elements required for producing lighting documentations: Lighting Layouts, Details, data sheets, specifications, renderings and Design Booklets
- It will be necessary to handle different tasks, project types and sizes at the same time

# LICHTVISION DESIGN

*Lichtvision Design is an internationally renowned and award-winning lighting design practice with offices in Berlin, Hong Kong, London and Shanghai. Working in cooperation with architects, investors, and operators since 1997, Lichtvision creates design-orientated lighting solutions which are innovative, sustainable and people centered. We design places people remember.*

*Would you like to join our energetic team? Demonstrate your passion for design & 3D competency and start making an impact on our projects.*
