

Lichtvision is looking for a Junior Lighting Designer in London

Lichtvision, established in 1997, is an internationally renowned, award-winning lighting design consultancy. With an international team of 25+, we operate from our offices in Berlin, Hong Kong and London, perfectly situated to connect cultures and to coordinate with design teams worldwide.

Lichtvision is looking for a creative and enthusiastic

Junior Lighting Designer in London

on a full time basis for the design and execution of high-end lighting solutions. We are looking for someone who is self-motivated, a team player and is capable of communicating with our other offices and with design teams abroad.

The candidate shall either have a graduate degree in architectural lighting design or an equivalent degree (for example architecture, product or industrial design) with some experience in lighting design.

He/she must have a passion for design and strong written and verbal, interpersonal and technical communication skills, as well as the ability to present ideas clearly and with confidence. Fluent spoken and written English language plus competency in AutoCAD are essential.

Good knowledge of Photoshop, InDesign, Dialux, MS Office and the ability to do hand sketches is important. Basic knowledge in Revit preferred.

Applicants must be eligible to live and work in the UK. International travel ability will be expected. Salary will be based on experience and qualifications. Independent applications only, no agencies please.

We are looking for a successful candidate to start as soon as possible.

Please submit CV, supporting information and salary expectation via email to job@lichtvision.com. In the subject heading of your email please quote ref **LVLN-P003**.
